

THE BODY OF A NONPROFIT

ORGANIZATION

THE HEAD

BOARD

home of the information processing system;
makes informed decisions to create a strategic direction for the organization

THE HEART

MISSION

pumps blood through the organization;
the lifeblood of the organization and what keeps all parts alive

THE HANDS

STAFF + COMMITTEES

create precise movements to carry out the day-to-day activities of the organization

THE FEET

CONSTITUENTS + SUPPORTERS

carry the organization forward

THE CONNECTIVE TISSUE

CULTURE

connects, protects, and supports all other parts of the body
